

CLAIMS

What is claimed is:

1. A bingo game sheet for playing a game in combination with a baseball game, the bingo game sheet comprising:

five rows and five columns which intersect to form a five by five matrix having twenty five zones, each of the rows and columns being associated with a particular inning number or one special event designation so that one zone becomes associated with the two inning numbers or with the one inning number and the special event designation, each zone containing indicia which corresponds to a play or event associated with a baseball game; and

an identifying means for identifying a particular baseball game and an arrangement of the twenty-five zones.

2. The bingo game sheet according to claim 1, wherein the identifying means is an indicia.

3. The bingo game sheet according to claim 1, wherein the special event designation is selected from pitcher's play, batter's play, member change, scores, and errors.

4. The bingo game sheet according to claim 1, wherein the arrangement of each bingo game sheet is unique.

5. The bingo game sheet according to claim 1, further comprising a section for describing the rule for the game of bingo.

6. The bingo game sheet according to claim 1, further comprising a section for describing a prize or prizes.

7. The bingo game sheet according to claim 1, further comprising a perforation in each zone and a perforation in a section of a prize.

8. A baseball based bingo game system to be played with an on-going baseball game, the bingo game system comprising:

a plurality of bingo game sheets, each bingo game sheet comprising:

five rows and five columns which intersect to form a five by five matrix having twenty five zones, each of the rows and columns being associated with a particular inning number or one special event designation so that one zone becomes associated with the two inning numbers or with the one inning number and the special event designation, each zone containing indicia which corresponds to a play or event associated with a baseball game; and

an identifying means for identifying a particular baseball game and an arrangement of the twenty five zones;

a memorizing means for memorizing the arrangement of the twenty-five zones of each bingo game sheet with the corresponding identifying means; and

a controlling means for monitoring events happened in the on-going baseball game and

finding out how many lines are covered in each bingo game sheet.

9. The baseball based bingo game system according to claim 8, wherein the controlling means is responsive when asked through telephone, facsimile, mail, e-mail, and web.

10. The baseball based bingo game system according to claim 8, wherein a winner or winners of the game of bingo are determined by a lottery if the number of the bingo game sheets qualified for prize award is more than the planned winning number.

11. A bingo game sheet for playing a game in combination with a particular sport event, the bingo game sheet comprising:

five rows and five columns which intersect to form a five by five matrix having twenty five zones, each of the rows and columns being associated with a particular stage or one special event designation so that one zone becomes associated with the two stages or with the one inning number and the special event designation, each zone containing indicia which corresponds to a play or event associated with the particular sport event; and

an identifying means for identifying the particular sport event and an arrangement of the twenty-five zones.
